Boring and abanded game :(Great Single play game ! And Even Better Multi Play !!!

Just Check Out the guide to get multi play going. This game has no players.Its cheaply made.It wont get updated.It is probably made by one person and I appreciate the effort.Do NOT buy unless you want steam trade cards.. This game has potential but the command are so buggy they need fixing asap in tutorial it says when soldiers highlighted they are selected but actually in game its the opposite and sometimes they dont obey at all. Very poor. recommended for kids if you want to play csgo. I buy this dlc and i don't get a dlc! Give it to me please!!. I don't think you understand how much of my life has been spent in this stupid little program making things I will never release

edit: I PIRATED THE GAME BEFORE IT WAS ON STEAM. THIS SOFTWARE HAS BEEN AVAILABLE FOR 15 YEARS JESUS CHRIST PEOPLE PUT TWO AND TWO TOGETHER.. BEWARE!!! IT DOES NOT WORK ON MAC!!!
An amazing strategic-fantasy game! Try it. Dear sir or madam

I have purchased \u2018carp lord pack\u2019 few hours ago and I have received all gears except 4 fishing rods. Can you help me fix this problem? Many thanks.

Kind regards

-
- resolved issue with mouse, when mouse cursor become "locked" in smaller area of screen
 - tweaked mouse cursor size (was too small on high-DPI dcreens)
 - resolved small (but annoying) gameplay related issues with collision on levels
